

EUROAMERICA
TEST AND MEASUREMENT SOLUTIONS

Equipment Calibration

EUROAMERICA has formed a collaborative partnership with NovaStar Solutions in Livonia, Michigan to offer a variety of ISO/IEC 17025 accredited equipment calibration capabilities. For our cooperation, EUROAMERICA is granted discounted prices which can then be offered to the end-user.

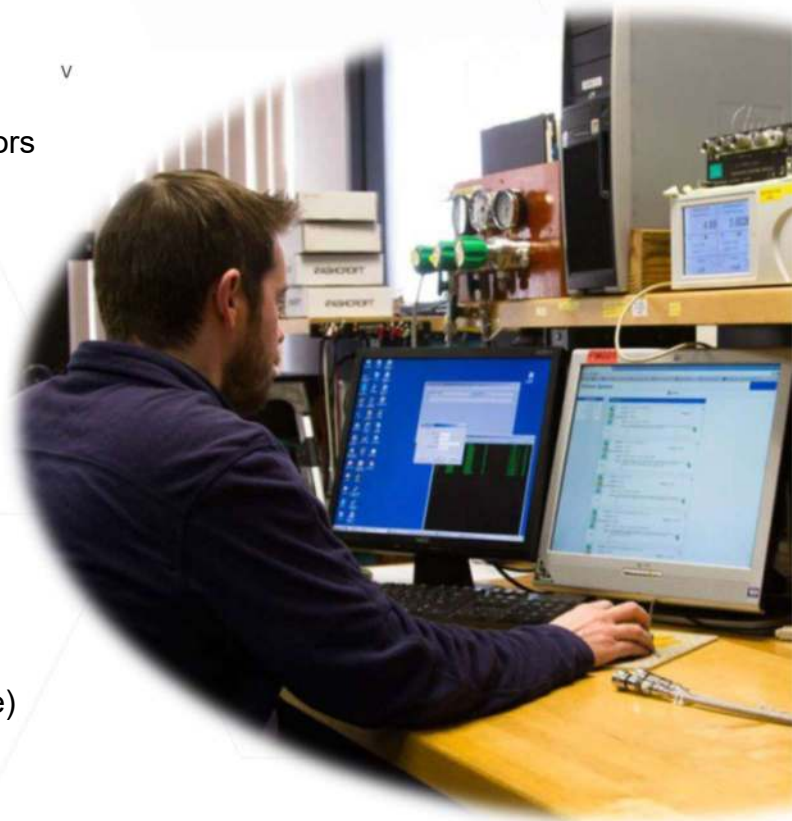

Examples of Equipment Calibrated Under this Collaboration

- Anemometers
- Oscilloscopes
- Medical Equipment Test Sets
- Transducer Simulators / Testers
- Temperature, Pressure, Humidity Transmitters
- Dual Pressure Barometers
- Pulse / Function Generators
- Antennas
- Defibrillator Analyzers
- Electrical Safety Analyzers
- Non-Invasive Blood Pressure Simulators
- Rain Chamber Anemometers

Additional Capabilities Include

- Amplifiers
- Calipers (dial, digital, vernier)
- Data Loggers
- Digital Multimeters
- Environmental Chambers
- Function Generators
- High Voltage Probes / Meters
- Micrometers (Bench, Indicating, Inside)
- Power Supplies
- Pressure Transducers
- And more...
